

Paul's Place is for people living with neurological conditions, cognitive complications and brain injuries.

We provide a **Place** to interact with others, a **Place** to build friendships, a **Place** to sharpen computer skills, a **Place** to exercise the mind and body, and most importantly a **Place** to have fun!

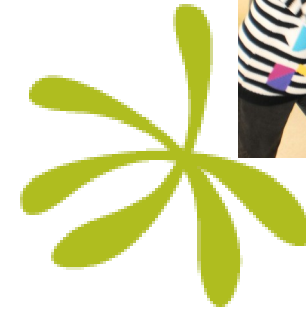

Paul's Place offers many activities to improve the body and mind, including:

- Current Events
- Cognitive Games
- Interactive Games
- Community Outings
- Card Games
- Cooking Skills
- Social Skills Training

In Memory of Paul Elwell
Paul's Place is a division of New Horizons Adult Day Center.

New Horizons Adult Day Center provides door-to-door transportation within a 10 mile radius for participants with transportation needs.

New Horizons Adult Day Center assists families with the application process for funding. Many families are eligible for these programs, which include:

- Elderly Waiver
- Brain Injury Waiver
- Ill and Handicapped Waiver
- Veteran's Administration
- Iowa Family Caregivers
- Senior Living Trust

See Reverse Side for Contact Information and Directions

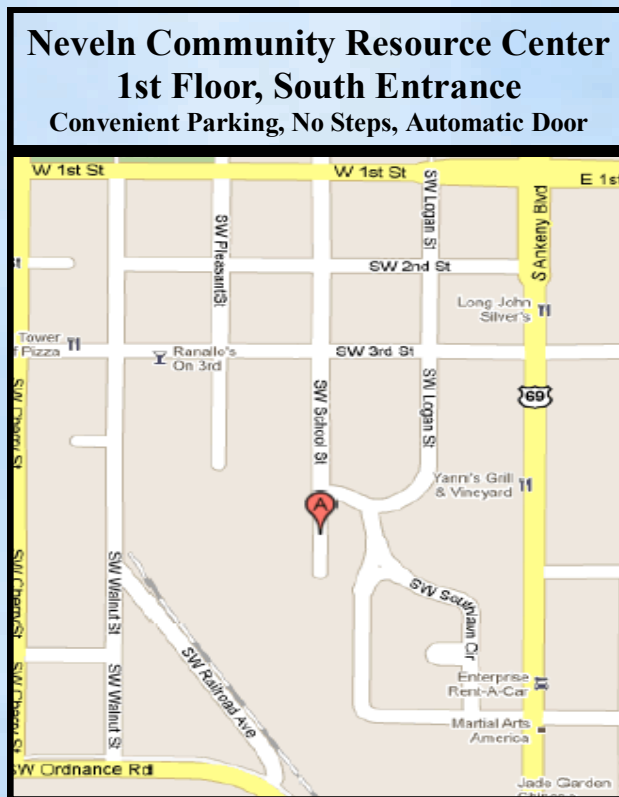

We offer specialized programs for persons with:

- Alzheimer's disease and other neurological disorders
- Dementia due to Parkinson's disease or stroke
- Cognitive impairment due to Brain Injury
- Disabilities or chronic health problems requiring assistance such as walking, toileting and grooming.

The **Day Break Center** combines all the necessities our guests will need with all of the fun, friendship and entertainment they want!

Our trained and caring staff will assist in transportation, meals, nursing services, recreation, exercise and education! **We want to turn a normal day into a Great Day!**

Please call or visit our web site for more information and for financial assistance. We Can Help.
